

18<sup>th</sup> January 2010

Dear Parents

### **Information about Forthcoming Roadworks**

United Utilities have been in contact with the School to inform us about forthcoming work that will affect roads near to School.

From Friday 22<sup>nd</sup> January Ashley Road will be closed from the traffic lights by Marlborough Road to the Millennium Clock in Hale village. In addition work will take place on Willow Tree Road (off Ashley Road) which will also be closed. The work is due to take approximately 14 weeks. Any parents who would normally use these roads will not be able to gain access to them and will need to follow diversion routes for access to Hale. It will not affect people using Langham Road or access from there to Marlborough Road but it may mean that the roads around the School will be busier than usual.

We would recommend that parents bringing their sons by car should drop them off at a safe and convenient point away from the '5 ways' junction by the Bowdon Hotel during this long closure.

In addition, please do not drive down Heath Road (which is situated between the railway line and the Cheshire Midland Hotel in Hale) but drop your son off, again at a safe and convenient point, close to the railway station for your son to walk up Heath Road to School.

Yours sincerely
