

Behaviour Policy Addendum for COVID-19 September 2020

In response to the additional behavioural requirements incumbent on all members of the school community as a result of COVID-19 the following addendum to the school's Behaviour Policy has been introduced. It is important that students take their behavioural responsibilities seriously to maintain a healthy and safe school environment. Students must follow the health and hygiene rules outlined below, which are an addition to the School's rules. This is an extension of the principle underpinning all aspects of our Behaviour Policy (that can be found [here](#)) that students take responsibility for their own behaviour for their own benefit and that of the whole school community. A revised school sanctions system (that will be sent out next week) will be used to address repeated, accidental, or intentional breaches of these rules.

Staff will be familiar with these rules and make sure they are followed consistently. Parents should also read the rules and ensure that their children follow the new procedures that have been put in place. Parents should contact Mr Hall (Deputy Head) if they think their child might not be able to comply with some or all of the rules, so we can consider alternative arrangements with them and support them to integrate back into school life.

- All pupils should act on the new measures for arriving at and leaving school
- All pupils should adhere to personal Hygiene advice, such as regular handwashing and sanitising
- Pupils can only socialise with their year group at School including at lunch and break times
- Pupils should move around the School, according to the new guidelines (e.g. always following the one-way system)
- Pupils must adhere to advice: such as: the sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoiding touching their mouth, nose and eyes with hands
- Pupils must inform an adult if they are experiencing symptoms of Coronavirus
- Pupils must not share any school equipment or frequently used items such as pencils or pens
- Pupils must only spend break and lunch in their designated area
- Pupils can only use toilets in their designated area
- Not to cough or spit at or towards any other person
- To follow all instructions relating to behaviour on home to school transport
- To read and follow all guidance documents and announcements about COVID-19 related expectations and procedures.

Mr G. A. Wright
Head Master
